
The Perfect Christmas Gift
The Jim Tingen story

Outside of the Gospel, hearing Ray Stanford tell the Jim Tingen story was the most powerful story I had ever heard. It was a story that ran the gammit of emotional highs and lows, tears and laughter, and suspense as great as any drama presentation I had ever encountered. It was used as a tremendous training tool on what it means to have a burden for souls, how to witness, and what sacrifice is all about. — Ralph "Yankee" Arnold

"This last year, 2005-2006, during the Dare 2 Share Revolution Tour, we decided to use a true story, the story of Jim Tingen. This story absolutely blew the teenagers away. Almost 50,000 teenagers were motivated to share their faith during this tour and were deeply impacted by the Jim Tingen story. Around 5,000 teenagers came to Christ during this tour as well. One of the big reasons I am doing what I'm doing today at Dare 2 Share is because I heard the Jim Tingen story when I was a teenager."

Nearly 3,000 young people between the ages of 13 and 19 came for four weeks of spiritual refreshment on Florida's famed Gold Coast. Although climate and facilities drew them to the FBC Campus for the July-August youth conferences, it was God's Word, presented clearly and concisely for up to six hours a day that provided the inner fulfillment for the "Now" generation. They came for a good time. What they got was much more – A plan for the real Christian life, devoid of the traditional conceptions of a lackluster life of drudgery, but one that was filled with purpose, excitement and rewards.
